Your Next Step On The JLGB Journey

VERSION 2 – AS AT 5th DECEMBER 2023

JLGB Local Groups: Juniors Attainment Structure

Year 6 – In your final year with JLGB Juniors as you start thinking about your move to senior school, the transformation begins as we help grow children into young people. As young innovators, you'll get the chance to try things you haven't yet experienced, like leading games, helping at your local group and even trialling the Senior age level of JLGB.

Year 5 – From getting your first taste of leadership to helping good causes through volunteering, as trailblazers, it's time for you to shine. You'll even get to camp under the stars (instead of in cabins) at camp as an extra reward!

Year 4 – As you build in confidence after your first year with JLGB, lots of adventure still awaits you. By now, you may have even been on a Junior Spring or Summer Camp, or Junior Activity day.

Year 3 – Juniors can now join JLGB from school year 3. This is your first step on the incredible JLGB journey as we light the spark and introduce you to a wonderful world of fun, friends, activities and adventure!
